On June 19th we had an incident with one of our trucks, it was involved in an accident with a deer. It did total the vehicle out. I sent all information needed to the insurance company. I did purchase the vehicle back from the insurance company because they wanted the vehicle as is with all of our equipment on it, the radios mounted in the vehicle. I purchased it back for \$269.00 to maintain our equipment. Once I finalize all the issues with the insurance company, I will bring that back to the board with a report see what we can do about replacing that vehicle. Public Works Director Timmy Kennedy said since our last meeting we had problems with the F150, I had carried it to Brock Motor Company, since then we have gotten it back and is fixed. It was a little bit less than a \$1,000 to fix it. Commissioner Mike asked what was wrong with it. Phillip said it was a couple of sensors, Mike said the computer huh? With the help of Robin at Neuse Regional, she helped me get the certification renewed for our field lab cert. Timmy said I need your blessing on 3 applications I received for my part time position. He said I don't know if you want to go into closed session for that or not. Commissioner Mike Hill said we will go into closed session but let's do it at the end of our meeting because we don't have much more left to discuss. Timmy said Okay. Is that all you got right there? Timmy said yes sir the rest is just general up keep of the town mowing grass, safety. George said the Library looks good. Timmy said well I didn't actually do that part I just over saw the job. Timmy told the board that the library ramp was part of the Revitalization Grant that the town got, but he wasn't sure if we received the money for it yet, that Crystal will know that part. Town Clerk Crystal said we haven't received the money yet, I was told it could be end of August but the money was coming.
